

Tenured/Tenure-Track Faculty Search
Department of Visualization
College of Architecture - Texas A&M University

The Department of Visualization at Texas A&M University in College Station, Texas, invites applications for multiple tenure and/or tenure track positions with research and teaching in all areas of the art and science of visualization; areas of particular interest include environmental modeling and simulation, computer graphics, animation, visual arts, aesthetics, visual storytelling, data visualization, interaction design and game development. These new hires are expected to join our faculty in 2019.

The Department of Visualization supports a vigorous interdisciplinary blend of the visual arts and the related visual and imaging sciences and technology. Academic programs include the B.S., M.S., and MFA in Visualization, with over 400 students. Our mission is the development and implementation of emerging methods for enhancing understanding and gaining insight through visual means in teaching, research, and creative work that impacts future directions of the field. Information about the Department of Visualization is available at viz.arch.tamu.edu. The department and the university are committed to a culturally diverse educational environment.

Associate Professor (Tenured)

Responsibilities for this position include the pursuit of innovative research and/or creative art practice, teaching and advising at the graduate and undergraduate levels, and service to the department, university, and the field, including outreach to industry. Outstanding candidates will have a strong alignment with the mission of the department and a substantial body of recognized and peer-reviewed work. Demonstrated experience in cross-disciplinary collaboration is preferred.

Assistant Professor (Tenure Track)

Responsibilities for this position include the pursuit of innovative and creative research, teaching and advising at the graduate and undergraduate levels, and service to the department, university, and the field. Outstanding candidates will have credentials and experience evidencing expertise in their field as well as a commitment to significantly advancing the direction of their field.

Qualifications

A Master of Fine Arts or Ph.D. is required. In rare circumstances, candidates with an extraordinary record of accomplishment will be considered without a terminal degree in the field.

Application Instructions

Review of applications will begin October 31st and continue until the position is filled. All positions require a cover letter, an up-to-date curriculum vitae and the names and contact information of five references.

Applications should be sent to search@viz.tamu.edu.

The Texas A&M System is an Equal Opportunity/Affirmative Action/Veterans/Disability Employer committed to diversity.

All positions are security-sensitive. Applicants are subject to a criminal history investigation, and employment is contingent upon the institution's verification of credentials and/or other information required by the institution's procedures, including the completion of the criminal history check.
